## Experience

### UX Lead • Lyceum Health

jul 2021 → present

At Lyceum, we are helping MDs and drug manufacturers identify candidates for specialty therapy changes. I am helping shaping the UX practice, product vision and strategy to ensure that patients are fully supported on their health journey.

### Sr. UX Designer • Lyceum Health

jun 2020 → jul 2021

### UX Designer • Lyceum Health

jan 2019 → jun 2020

### UX Designer • Cority

mar 2019 → jun 2020

I was responsible for the redesign of the product experience. In close collaboration with PMs, executives and other designers, I sketched the future state vision and roadmap of our platforms based on user interviews and usage metrics. Spearheaded the creation of a Design System.

### UX Designer • CAPCO

oct 2018 → jan 2019

In a team of 3, I participated in the User Research, Interviews, UI Design and Prototyping for an IT support platform.

### UX Designer • DCBrain

apr → jun 2018

## Mentoring

### Facilitator, Group Crits • DesignLab

jan 2020 → present

Moderating and mentoring weekly group critiques, where students learn to defend their design decisions as well as give and receive feedback.

### Mentor, UX Course • Juno College

summer 2019

Supervised a cohort of 16 students. Provided students with written project feedback and design critiques, and made sure everyone had a great time learning about UX! Ensured that the lessons were understood by all and encouraged any questions.

## Education

### UX Academy • Designlab

oct 2017 → mar 2018

### MSc in Professional Communication • Clark University

2015 → 2017
